Noble Energy Extends IT Services Team Order to Include Design and Commissioning of Additional PI Systems

Project covers additional assets in Equatorial Guinea and the Mediterranean Sea

As Noble Energy's high quality portfolio of sizeable international oil and gas holdings expands rapidly, Industrial Evolution's IT Services team has been selected once again to provide PI System design and commissioning services.

The new order from Noble Energy covers new assets coming on-stream in Equatorial Guinea and the Mediterranean Sea. Specialists will travel to these locations as required.

About Industrial Evolution

Founded in 2000, Industrial Evolution was an innovator in offering Data-as-a-Service to the industrial market. We collect real-time process data from systems and devices, and make it available securely via the internet.

In January 2016, Yokogawa Electric Corporation announced the acquisition of Industrial Evolution to strengthen its provision of advanced solutions to the process industries. The acquisition of Industrial Evolution, a provider of cloud-based plant data sharing services, was carried out through Yokogawa Venture Group, Inc., a wholly owned Yokogawa subsidiary. The press release is available at:
