

## *Press Release*

Phoenix, USA – February 25, 2013

### **Tate & Lyle Selects Industrial Evolution to Assist with PI System Best Practices**

*Results of the study will help Tate & Lyle plan out their future investments for the greatest economic return*

Tate & Lyle is a global provider of distinctive, high quality ingredients and solutions to the food, beverage and other industries. With a significant investment in, and as a major user use of, the PI System from OSIsoft, they asked us to review their current use of PI to ensure they are getting the best performance from the tools that they use for managing their business daily. As part of the study, we have been asked to review existing architecture, data security and governance, roll-out and support model and applicability of the latest PI components.

### **About Industrial Evolution**

Founded in 2000, Industrial Evolution was an innovator in offering Data-as-a-Service to the industrial market. We collect real-time process data from systems and devices, and make it available securely via the internet.

In January 2016, Yokogawa Electric Corporation announced the acquisition of Industrial Evolution to strengthen its provision of advanced solutions to the process industries. The acquisition of Industrial Evolution, a provider of cloud-based plant data sharing services, was carried out through Yokogawa Venture Group, Inc., a wholly owned Yokogawa subsidiary. The press release is available at: <http://www.yokogawa.com/pr/news/2016/pr-news-2016-0107-en.htm>.
